GTG Hansa GmbH is a family company. In concern for high living standard and washing comfort, it offers its customers a specially developed line of reliable washing detergents Voll. For over ten years, it has been supplying modern and effective washing detergents, available for everyone.

MISSION

At GTG Hansa we produce and sell effective washing detergents in affordable prices.

VISSION

- We work closely with our clients, striving for success on both sides.
- We provide global, non-standard solutions and support customer requirements.
- We value the human potential of our organization based on three key principles: experience, specialization and commitment.

VALUES

- | | | |
|-----------|---------------|---------------|
| ■ QUALITY | ■ EXPERTISE | ■ PARTNERSHIP |

WASHING GEL VOLL

Washing gel **Voll Universal**, **Weiss** and **Color** is suitable for washing in automatic washing machines as well as hand washing, at temperatures from 30°C to 60°C. Thanks to the enzymes and coconut soap contained in the gel, it effectively removes stains and all kinds of dirt. It leaves a pleasant, fresh smell on clothes.

WASHING POWDER VOLL

Washing powder **Voll Vollwaschmittel** for white washing and **Voll Colorwaschmittel** for colors are suitable for all types of washing machines and for hand washing. Ideal for washing at 30°C to 60°C. It contains oxygen-based bleaching compounds, soap, enzymes and components protecting the washing machine against scale deposits. Recommended for everyday washing.
